

Health System Owned
Specialty Pharmacy Alliance

Align your health system with a non-profit association advancing the interests of the integrated specialty pharmacy industry, driving its ability to improve and innovate the standard of patient care.

What is the HOSP Alliance?

- A single voice for health system owned specialty pharmacies
- A clearinghouse of data & information to demonstrate superiority of the integrated model
- A body to educate the market on the benefits of the integrated model
- A working coalition advancing the HOSP advocacy agenda
- A place for industry collaboration to share best practices and advance key initiatives

The Goals of the HOSP Alliance

- Improve patient experience and outcomes
- Advocate for common interests of the integrated specialty pharmacy industry
- Develop, establish, and share health system owned specialty pharmacy best practices
- Demonstrate how HOSP's higher standard of transparency in pricing, fulfillment, and treatment distinguishes its members from other specialty pharmacies
- Establish efficiency and innovation as hallmark elements to reduce health inequities and the total cost of care

What HOSP Alliance Membership Delivers

- **Influence**—a voice to influence and advocate for the future of health system owned specialty pharmacy
- **Collaboration**—a part in a network of health system specialty pharmacy leaders and experts committed to working together to advance meaningful changes impacting the industry
- **Differentiation**—a role educating stakeholders and policymakers about what differentiates the integrated specialty pharmacy industry
- **Leadership**—a seat at the table for your health system's specialty pharmacy alongside other industry leaders working relentlessly toward better patient outcomes
- **Coordination**—a connection with organized, systematic initiatives to maximize available resources, ensure full community engagement, and avoid duplicative efforts

**Take the Next Step.
Join the HOSP Alliance today.**
